

Redmine - Defect #39834

Extract tests for plugin autoloading and Restore Plugin directory settings

2023-12-12 13:51 - Takashi Kato

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Marius BĂLTEANU	% Done:	0%
Category:	Rails support	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
Description			
Setting aside the issue of configuring the plugin directory, our initial step was to create a patch to restore the settings, enabling us to test the plugin.			
Because running autoload tests alongside other tests poses challenges, we opt to conduct them individually using rails test:autoload.
