Redmine - Defect #40098

Initial assessment

2024-01-23 11:15 - Andy Kowal

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Custom fields	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Invalid	**Affected version:**	

Description

We use different task statuses, and we need to create a "primary effort estimate" field, which can be changed (or copy the value from "Time estimate") as long as the task has never been in the "In Work" status, if the status has changed to "In work" and then changed again, for example, to "Estimation of labor costs", the field "initial estimate of labor costs" should remain unchanged. How can this be implemented?

History

#1 - 2024-01-23 12:05 - Holger Just

- Status changed from New to Closed

- Resolution set to Invalid
