<b>Target version:</b>			
<b>Resolution:</b>			
<b>Description</b>			
<p>We have added custom fields but there is no possibility of viewing them in the users list. I think this would be a great feature.</p> <p>It would also be good to modify the users list. Currently you can only filter by status.</p>

If we are talking about custom fields of type 'User' - this is now achieved. Please provide more feedback or close this issue.
