<b>Resolution:</b> Wont fix	

**Description**

With redmine 0.8.4 I was able to put an image in a wiki page and make it a link to an url with this code:

```
"!model_800.png!":http://lifeserver/attachments/21/model.svg
```

With redmine 0.8.5 the same code don't display the image but just the link with this text "!/attachments/download/19!", which is the link of the image I want to display without the filename.

#### Associated revisions

##### Revision 2962 - 2009-10-24 14:19 - Jean-Philippe Lang

Adds a test for attached image inside a link (#4033).

#### History

##### #1 - 2009-10-24 14:07 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Wont fix

The correct syntax is without the double quotes:

—
