

Redmine - Defect #40346

This error raise in console: "Uncaught SyntaxError: Unexpected token ';' (at new:604:37)"

2024-03-05 09:59 - M.Mahdi Thantez

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	5.1.2
Resolution:	Invalid		
Description			
Hi. I saw this error on browser console:			
<pre>Uncaught SyntaxError: Unexpected token ';' (at new:604:37)</pre>			
When I checked the source of the error, I found this line:			
<pre>if (assign_to_me_link.length > 0) {</pre>			
That is defined in `app/views/issues/_form.html.erb` like this:			
<pre>if (assign_to_me_link.length > 0) {</pre>			
So obviously the > character is converting to >. I don't know is this related to Rails or Redmine itself, but If you think this issue is unrelated, please note below, and I will submit it to rails developers (if no one submitted it before).			

History

#1 - 2024-03-05 10:00 - M.Mahdi Thantez

* So obviously the '>' character is converting to '>'.

#2 - 2024-03-05 23:07 - Holger Just

- Description updated

#3 - 2024-03-05 23:13 - Holger Just

- Status changed from New to Needs feedback

I can not reproduce this issue on a clean Redmine 5.1.2. Have you installed any plugins which may affect the rendering of the form? If so, please remove these plugins as a test.

#4 - 2024-03-06 09:35 - M.Mahdi Thantez

You right. It was a bug from 'redmine_multiprojects_issue'. I'm going to inform them. You can close this issue. Thanks for your help.

#5 - 2024-03-06 10:58 - Holger Just

- Status changed from Needs feedback to Closed

- Resolution set to Invalid

Thanks for your feedback!
