

Redmine - Defect #41786

Long subject may not be displayed in Gantt chart with narrow column width

2024-11-19 02:39 - Go MAEDA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Gantt	Estimated time:	0.00 hour
Target version:	6.0.2	Affected version:	6.0.0
Resolution:	Fixed		
<div>Description</div> <div>In the Gantt chart, the subject of objects with child objects, such as issues with subtasks, is sometimes not displayed. This occurs when the width of the column is narrower than the length of the subject text. The subject becomes visible by expanding the column width.</div> <div><div>clipboard-202411191036-evsmw.png</div><div>clipboard-202411191038-hw7qr.png</div></div>			

Associated revisions

Revision 23294 - 2024-11-19 06:52 - Go MAEDA

Fix long subjects not displayed in Gantt chart for parent objects with child elements when the column width is narrow (#41786).

Patch by Go MAEDA (user:maeda).

Revision 23296 - 2024-11-20 06:50 - Go MAEDA

Merged r23294 from trunk to 6.0-stable (#41786).

History

#1 - 2024-11-19 03:01 - Go MAEDA

- File clipboard-202411191058-yryhc.png added
- File clipboard-202411191100-oukq6.png added

I found that removing HTML elements for the expand/collapse icon resolves the issue.

#2 - 2024-11-19 03:22 - Go MAEDA

Removing text-overflow: ellipsis; for .gantt_subjects div also fixes the issue.
This may be the simplest solution.

#3 - 2024-11-19 03:40 - Go MAEDA

- Target version set to 6.0.2

Setting the target version to 6.0.2.

#4 - 2024-11-19 06:16 - Katsuya HIDAKA

- File 3dots-overlaps.png added

I tested the patch proposed in [#note-2](#), and it appears to resolve the issue. I verified its functionality on macOS using Chrome, Firefox, Safari, and Microsoft Edge.

Additionally, when the version name is long, the “...” overlaps with the icon. This issue is also resolved by the proposed patch in [#note-2](#).

3dots-overlaps.png

#5 - 2024-11-19 06:52 - Go MAEDA

- Status changed from New to Resolved

- Assignee set to Go MAEDA

- Resolution set to Fixed

Committed the fix in [r23294](#).

#6 - 2024-11-20 06:51 - Go MAEDA

- Status changed from Resolved to Closed

Merged the change into the 6.0-stable branch in [r23296](#).
