

Redmine - Patch #41894

Fix random test failure by ensuring WatchersController#find_objects_from_params returns results in consistent order

2024-11-29 05:22 - Go MAEDA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Marius BĂLTEANU	% Done:	0%
Category:	Code cleanup/refactoring	Estimated time:	0.00 hour
Target version:	5.1.5		
Description			
<p>WatchersController#find_objects_from_params does not explicitly order its results. This leads to inconsistent ordering in WatchersController#find_watchables, causing random failures in WatchersControllerTest#test_new_with_multiple_objects_from_different_projects.</p> <p>The attached patch resolves this issue by ensuring results are consistently ordered by ID.</p> <p>Failure:</p> <pre>WatchersControllerTest#test_new_with_multiple_objects_from_different_projects [test/functional/watchers_controller_test.rb:208]: Expected /\watchers\/autocomplete_for_user\?object_id%5B%5D=7&object_id%5B%5D=9&object_type=issue / to match "\$('#ajax-modal').html(\n '<h3 class=\\\\"title\\\\">Add watchers<\/h3>\n\n<form id=\\\\"new-watcher-form\\\\" action=\\\\"/watchers\\\\" accept-charset=\\\\"UTF-8\\\\" data-remote=\\\\"true\\\\" name=\\\\"new-watcher-form-c11f8550\\\\" method=\\\\"post\\\\">\n\n <input type=\\\\"hidden\\\\" name=\\\\"object_type\\\\" id=\\\\"object_type\\\\" value=\\\\"issue\\\\" autocomplete=\\\\"off\\\\" /> \n <input type=\\\\"hidden\\\\" name=\\\\"object_id[]\\\\" id=\\\\"object_id\\\\" value=\\\\"9\\\\" autocomplete=\\\\"off\\\\" /> \n <input type=\\\\"hidden\\\\" name=\\\\"object_id[]\\\\" id=\\\\"object_id\\\\" value=\\\\"7\\\\" autocomplete=\\\\"off\\\\" /> \n\n <p><label for=\\\\"user_search\\\\">Search for user:<\/label><input type=\\\\"text\\\\" name=\\\\"user_search\\\\" id=\\\\"user_search_h\\\\" /><\/p>\n <script>\n\n<\/script>\n\n<\/script>\n\n <div id=\\\\"users_for_watcher\\\\">\n\n <label><input type=\\\\"checkbox\\\\" name=\\\\"watcher[user_ids][]\\\\" value=\\\\"2\\\\" /><\/span>John Smith<\/label><label><input type=\\\\"checkbox\\\\" name=\\\\"watcher[user_ids][]\\\\" value=\\\\"1\\\\" /><\/span>Redmine Admin<\/label><label><input type=\\\\"checkbox\\\\" name=\\\\"watcher[user_ids][]\\\\" value=\\\\"8\\\\" /><\/span>User Misc<\/label><label><input type=\\\\"checkbox\\\\" name=\\\\"watcher[user_ids][]\\\\" value=\\\\"10\\\\" /><\/span><svg class=\\\\"s18 icon-svg\\\\" aria-hidden=\\\\"true\\\\"><\/svg><\/span>A Team<\/label>\n <\/div>\n\n <p class=\\\\"buttons\\\\">\n <input type=\\\\"submit\\\\" value=\\\\"Add\\\\" onclick=\\\\"hideModal(this);\\\\" data-disable-with=\\\\"Add\\\\" />\n Cancel<\/a>\n <\/p>\n<\/form>');\n\nshowModal('ajax-modal', '400px');\n\$('#ajax-modal').addClass('new-watcher');\n".</pre> <p>bin/rails test test/functional/watchers_controller_test.rb:200</p>
