Target version:	6.0.3			
Resolution:	Fixed		**Affected version:**	6.0.0

Description

In Redmine 6.0, the alignment of icons and titles in the Activity view is not top-aligned, resulting in unnecessary margin at the top. Additionally, when Gravatar icons are displayed, there is no proper margin between the activity type icon and the Gravatar icon.

This patch updates the CSS to restore the top alignment of icons and titles, as it was in Redmine 5.1 and earlier. It also adjusts the spacing between icons to ensure proper margins.
