

Redmine - Defect #42018

PDF Export - Compatibility issues between "redmine_ckeditor"

2024-12-19 06:25 - Ayden Cho

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	PDF export	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description			
<p>In Redmine, I am using the redmine_ckeditor plugin (version 1.2.4). For the content, I used the "Lucida Sans Unicode" font (the same issue occurs with other fonts as well).</p> <p>However, when exporting to PDF, the font size appears smaller than the configured size, and the selected font is not reflected in the printed PDF.</p> <p>Is there a solution to resolve this issue?</p>			

History

#1 - 2024-12-19 06:27 - Ayden Cho

Environment:

Redmine version 5.1.2.stable

Ruby version 3.2.4-p170 (2024-04-23) [x86_64-linux]
