

Redmine - Defect #42070

Whitespace missing after hyphen between project name and event title in Activity view

2025-01-04 09:55 - Go MAEDA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Activity view	Estimated time:	0.00 hour
Target version:	6.0.3	Affected version:	
Resolution:	Fixed		

Description

In the Activity view, when events from other projects are displayed, the project name appears before the event title. However, there is no whitespace after the hyphen between the project name and the event title. For example, it appears as:

```
eCookbook -Bug #1: Cannot print recipes
```

This lack of whitespace after the hyphen looks awkward. It should ideally be displayed as:

```
eCookbook - Bug #1: Cannot print recipes
```

The attached patch ensures the correct spacing is displayed as described above.
