

Redmine - Defect #42509

Plugin activity icons broken when multiple plugins are loaded

2025-04-03 22:56 - Marius BĂLTEANU

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:	Marius BĂLTEANU	% Done:	0%
Category:	Plugin API	Estimated time:	0.00 hour
Target version:	6.0.5	Affected version:	6.0.1
Resolution:	Fixed		
Description			
Following up #41880			
Stefan Rinkes wrote in #note-13 :			
After trying it I don't think this is probably fixed.			
I still see two issues:			
1. Looks to me you can now only have one plugin which registers as an ActivityProvider. Icons only work for one loaded plugin.			
1. We have a class which inherits from Journal, which acts_as_activity_provider for issues. So [...] ends up as 'issues' and not the wanted key.

History

#1 - 2025-04-03 22:56 - Marius BĂLTEANU

- Copied from Defect #41880: Plugin activity icons broken after switching to SVG icons added

#2 - 2025-04-03 22:58 - Marius BĂLTEANU

- Subject changed from Plugin activity icons broken after switching to SVG icons to Plugin activity icons broken when multiple plugins are loaded

#3 - 2025-04-06 22:36 - Marius BĂLTEANU

[Stefan Rinkes](#), I was able to confirm the first issue and the fix is quite small, but for the second one, can you add the relevant code to your sample plugin? I would like to be able to reproduce the issue before committing the fix.
