

Redmine - Feature #4288

Maintain activity traces of an issue after it has been deleted

2009-11-25 11:17 - Ryan Phung

Status: New	Start date: 2009-11-25
Priority: Normal	Due date:

Category: Issues	Estimated time: 0.00 hour
Target version:	
Resolution:	
Description	
<p>Currently in Redmine, if users create an issue, do a lot of update to it, and then delete the issue (using Admin account), then users cannot find any trace of the issue (in the Activity tab).</p> <p>For big projects, it is necessary to maintain the traces of the issue even though it has been deleted; mainly for auditing purpose.</p>
