

Redmine - Feature #4295

Support more filters on the user list page

2009-11-26 17:25 - Colan Schwartz

Status: Closed	Start date: 2009-11-26
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Administration	Estimated time: 0.00 hour
Target version:	
Resolution: Fixed	
Description Currently, the only filter supported is "Status". It would be great if other filters could be added here: <ul style="list-style-type: none">• Filters for custom user fields• Filter(s) for the new "Group or company feature", #1018, which is coming in 0.9.

History

#1 - 2009-11-28 13:46 - Jean-Philippe Lang

- Target version set to 1.0.0 (RC)

#2 - 2010-05-05 12:20 - Markus Lohr

could be nice too:

- grouping by:
 - eMail-domain
 - account detail (local, LDAP A, LDAP B, ...)
 - ...other nice attributes

awesome: collapse and expand these groups

I have to manage projects with students. After a while I have a huge list of users. Is there a way to easily deal with more than 400 users? Something more like a dict as a table with different columns.

Specially in the view: *redmine > project > settings/configuration > (module) members* to add users to a project. (but anyway: awesome app!)

#3 - 2010-06-15 00:47 - Eric Davis

- Target version deleted (1.0.0 (RC))

Removing from 1.0. This hasn't been completed and 1.0 is feature frozen.

#4 - 2011-03-16 19:21 - Jean-Philippe Lang

The group filter is added in [r5150](#).

#5 - 2022-09-20 05:52 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Fixed
