

Redmine - Patch #4331

Second set of issue "Action Links" at the bottom of an issue page

2009-12-03 19:24 - Eric Davis

Status:	Closed	Start date:	2009-12-03

Target version:	0.9.0		
Description			
The Action Links (Update, Log Time, Watch, etc) are really useful on the issue page but you have to go to the top every time you want to use them. This commit/patch adds a second set of links to the bottom of the issue's page. I had to rework how the WatchersController worked so multiple Watch links can be updated on the page.

Revision 3119 - 2009-12-03 19:41 - Eric Davis

Add a second action menu to IssuesController#show. (#4331)

Will have the update, log time, watch, copy, etc buttons. Had to rework how the watchers button works since it requires a unique DOM id for the Ajax response. Also modified the WatchersController to be able to replace multiple sections of the page, e.g. two Watch links.

Description

Quote

There's a voice that keeps on calling me. Soaring through all the galaxies in search of Earth flying in to the night.
 Every stop I make I make a new friend; Can't stay for long just turn around and I'm gone again.
 He just keeps on movin' and ladies keep improvin'. Maybe tomorrow I'll want to settle down - until tomorrow I'll just keep moving on. Down the road that's where I'll always be. Hey there where ya goin, not exactly knowin'.
