

Redmine - Defect #4397

Different Redmine versions: mysql incompatibility

2009-12-14 20:31 - Bruno Prado

Status: Closed	Start date: 2009-12-14
Priority: High	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	Affected version:
Resolution: Invalid	

Description

I've dumped mysql from version 0.8 of Redmine and loaded it into the trunk version, and it seems to have an incompatibility. Although the dump was loaded successfully, the users weren't loaded accordingly. I think it's an issue concerning different versions.

History

#1 - 2009-12-14 21:34 - Felix Schäfer

It is due to different versions, and going from 0.8 to trunk is upgrading, so you must follow the [upgrade guide](#).

#2 - 2009-12-18 15:53 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Invalid

Please read [SubmittingBugs](#).
