

Redmine - Patch #4580

Run rake db:schema:dump after rake db:migrate\_plugins

2010-01-14 14:10 - Konstantin Haase

Status:	Closed	Start date:	2010-01-14
Priority:	Low	Due date:

Target version:			
<b>Description</b> rake db:migrate runs rake db:schema:dump after applying all migrations. Thus you can run rake test directly after db:migrate.  This patch applies the same behavior to rake db:migrate_plugins, so it is easier to test if your plugins did not break Redmine. Patch is based on trunk (actually, master of git mirror).			
<b>Related issues:</b> Is duplicate of Redmine - Patch #11299: redmine:plugins:migrate should update... <span>Closed</span>
