## Redmine - Defect #4775

## Sub-project version on Gantt chart - Duplicated project name

2010-02-09 04:54 - Jeffrey Jones

Status: Closed Start date: 2010-02-09

Priority: Normal Due date:

Assignee: % Done: 0%

Category: UI Estimated time: 0.00 hour

Target version: 0.9.3

Resolution: Fixed Affected version: 0.9.2

## **Description**

"Project A" has a sub-project called "Project B". Project B has a version called "Release"

If you look at the "Project A" Gantt chart then the title for the Project B version is

Project B - Project B - Release (The first "Project B" is part of a link along with "Release")

The HTML code is

```
<span class="icon icon-package">
  Project B -
  <a href="/versions/show/9">Project B - Release</a>
</span</pre>
```

With longer project names this becomes a problem so for versions can we remove one of the project references

#### **Associated revisions**

### Revision 3406 - 2010-02-10 22:13 - Jean-Philippe Lang

Fixed: Duplicated project name for subproject version on gantt chart (#4775).

#### History

# #1 - 2010-02-09 19:55 - Jean-Philippe Lang
