<b>Description</b>	
<p>It would be nifty to have keyboard shortcut to create new issue from everywhere in a project. Currently we cannot create a new issue not from summary and issue page, so we need two step to create new issue (move issue page, and select issue type form drop-down list).</p> <p>in Trac, you can press ctrl+7 to create new ticket, it's lightning fast.</p>

#### History

##### #1 - 2008-01-20 08:10 - Jean-Philippe Lang

Done in r1081.

There is now a 'New issue' item in the project menu. The accesskey is the same as Trac (7).

##### #2 - 2007-12-17 17:19 - Maxim Krušina

And in Trac, there is always item "New Ticket" visible and accessible in main menu.
