

Redmine - Defect #4874

HTML part of issue mails is not properly escaped

2010-02-18 12:51 - Holger Just

Status:	Closed	Start date:	2010-02-18
Priority:	High	Due date:	
Assignee:		% Done:	0%
Category:	Email notifications	Estimated time:	0.00 hour
Target version:	0.9.3	Affected version:	
Resolution:	Fixed		
Description			
<p>The link to the issue in the HTML part of issue mails is not properly escaped. If a user inserts HTML tags into the issue subject, it is inserted unescaped into the email body which at least destroys the rendering or at worst allows sophisticated phishing attacks using specifically crafted issue subjects.</p> <p>The attached patch against Redmine trunk (r3434) fixes this.</p>
