

Redmine - Feature #4875

Option to disable textile on commit messages

2010-02-18 13:04 - Prof. Dr. YoMan

Status: Closed	Start date: 2010-02-18
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Text formatting	Estimated time: 0.00 hour
Target version:	
Resolution: Duplicate	
Description If I commit into an svn-rep with the commit message "'* Important, remember this!", it will get formatted as list (by textile) when viewing in repository view in redmine. I guess this is not expected. Textile rendering should be off in repository view.	
Related issues: Is duplicate of Redmine - Feature #22758: Make text formatting of commit mess... Closed	

History

#1 - 2010-02-18 15:07 - Felix Schäfer

- Category set to UI

As far as I know this is by design. A global and/or local switch could be implemented for this though, but I think Eric or Jean-Philippe will clarify the situation :-)

#2 - 2010-02-18 20:17 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Invalid

This is the desired behaviour. See [#338](#).

#3 - 2010-02-20 00:39 - Prof. Dr. YoMan

- Assignee set to Jean-Philippe Lang

A global and/or local switch could be implemented for this though

Not desired?

#4 - 2010-02-28 13:25 - Jean-Philippe Lang

- Tracker changed from Defect to Feature

- Subject changed from Commit log messages are rendered with textile in repository view to Option to disable textile on commit messages

- Category changed from UI to Text formatting

- Status changed from Closed to New

- Resolution deleted (Invalid)

Desirable but not a defect.

#5 - 2017-02-05 09:47 - Go MAEDA

- Is duplicate of Feature #22758: Make text formatting of commit messages optional added

#6 - 2017-02-05 09:48 - Go MAEDA

- *Status changed from New to Closed*
- *Assignee deleted (Jean-Philippe Lang)*
- *Resolution set to Duplicate*

The option to disable text formatting of commit messages has been implemented by [#22758](#) for upcoming Redmine 3.4.0.
