Category:	Time tracking		**Estimated time:**	0.00 hour
Target version:				
Resolution:				

Description
"time_entry_hours input" should support Regular expression. eg:set time_entry_hours value less than 8 or other conditions.

History

#1 - 2010-03-05 05:42 - li wei

Perhaps the feature should be a part of [#4316](#4316)

#2 - 2010-03-07 10:44 - Jean-Philippe Lang

- Subject changed from "time_entry_hours inputbox" should support Regular expression to Validate time entry hours based on a configurable regular expression

- Assignee deleted (Eric Davis)

"app/models/time_entry.rb" replace 'hours >= 1000' by 'hours >= 8'

```
def validate
  errors.add :hours, :invalid if hours && (hours < 0 || hours > 8) ⮐ replace hours >= 1000 by hours >= 8
  errors.add :project_id, :invalid if project.nil?
  errors.add :issue_id, :invalid if (issue_id && !issue) || (issue && project!=issue.project)
end
```
