<b>Description</b> There is new feature subtasks in trunk (from <a href="#">r3573</a> ). But there are not abilities to group or order issues by their parent tasks in project issues list. Also there is not ability to include root/parent task column in issues list. - It will be very usefull to maintain project plan and control project progress.

Revision 3618 - 2010-03-27 17:55 - Jean-Philippe Lang

Issue list improvements for subtasking (#5196):

- makes the parent task column available
- display the issue hierarchy when list is sorted by parent

History

#1 - 2010-03-27 18:00 - Jean-Philippe Lang

- File *tree\_view.png* added
- Status changed from *New* to *Resolved*
- Resolution set to *Fixed*

[r3618](#) makes the parent task column available on the issue list. If you sort issues by parent, you will get a tree view:

✓	#	Tracker	Status	Priority	Subject	Parent task ▾
<input type="checkbox"/>	4480	Feature	New	Normal	Issue A	
<input type="checkbox"/>	4481	Feature	New	Normal	▸ Issue A1	Feature #4480
<input type="checkbox"/>	4482	Feature	New	Normal	▸ Issue A11	Feature #4481
<input type="checkbox"/>	4484	Feature	New	Normal	▸ Issue A12	Feature #4481
<input type="checkbox"/>	4483	Feature	New	Normal	▸ Issue A2	Feature #4480

Jean-Philippe, thank you!

I will try and test this feature and report results and applicability and facility of this realization.

Since [#5196](#) is already in, I would propose marking this a duplicate and closing it, I'll continue the discussion on [#5196](#) itself.

Done.

Wow, no idea how that last comment got here, but it should comment (and actually also does) [#5101](#)...

[Jean-Philippe Lang](#): 1. could you please reset the status to *Resolved*? 2. IIRC I added the *duplicated by* [#5196](#) (this one here) relation in [#5101](#), then closed and commented [#5101](#), which seems to have duplicated the comment here. I'll try to reproduce it, but I'm not sure I'll have the time, could you try to give it a go?

Wow, no idea how that last comment got here, but it should comment (and actually also does) [#5101](#)

Closing an issue closes duplicates with the same comment.
