

Redmine - Defect #5261

Multiple level subprojects wrap around into the menu

2010-04-07 15:54 - Joachim Fritschi

Status: Closed	Start date: 2010-04-07
Priority: Low	Due date:
Assignee:	% Done: 0%
Category: UI	Estimated time: 0.00 hour
Target version:	Affected version: 0.9.3
Resolution: Duplicate	
Description If you have a very deep project structure the names in the header (Project >> Subproject >> Subsubproject >> etc) get wrapped around into the menu. One solution would be to only display the parent project and skipping all ancestors (... >> Parent >> current). Another solution might be to shorten the names if the total length is above some value.
