**Description**

we are getting 0% progress on all progress bars displaying version progress (my page widget, road map, version status, etc) even though some version are 100% complete (all issues are close) or complete to some extent. this is rendering the roadmap & version tracking all but unusable

\*we are not using 'time spent' or 'time estimation' at all, so none of the issues have these values set for them.

### History

#### #1 - 2010-05-04 16:37 - julias slabodin

- File *roadmap\_issue.gif* added

#### #2 - 2010-05-04 16:39 - julias slabodin

We can also allow someone to remote access if you need to take a look or debug

#### #3 - 2010-05-04 21:23 - Adam Piotr Źochowski

you need to enter % done per issue.  
and issues that are closed/resolved, also need to be set to 100.

#### #4 - 2010-05-05 09:32 - julias slabodin

- File *issuse\_statuses\_.png* added

it's already is- attached our configuration of each status (it is new, and added in the last days, but it seams that all issues were updated according to it)

#### #5 - 2010-10-23 13:34 - Jean-Philippe Lang

Using done ratio on statuses breaks the roadmap progress and issue filters.  
The actual done ratio should be written to the database.

#### #6 - 2010-10-23 13:35 - Jean-Philippe Lang

- Target version set to 1.1.0

#### #7 - 2010-10-23 13:48 - Jean-Philippe Lang

Looks like it should already be done by #update\_done\_ratio\_from\_issue\_status.

#### #8 - 2010-10-25 16:58 - Eric Davis

- Assignee deleted (Eric Davis)

#### #9 - 2010-12-29 21:38 - Jean-Philippe Lang

- Priority changed from High to Normal  
- Target version deleted (1.1.0)

I am not able to reproduce.

#### #10 - 2012-10-30 16:32 - Dmitry Babenko

Same defect report [#7457](#).

**#11 - 2012-10-30 16:36 - Jean-Philippe Lang**

- Status changed from New to Closed

- Resolution set to Cant reproduce
