

Redmine - Defect #5398

Can not reschedule the start date of following issues at once

2010-04-29 08:44 - tengel liu

Status:	New	Start date:	2010-04-29
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues planning	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:			
Description after changed the due_date of a issue, it can not update the start_date of the following issues at once. it seemed that those start_date will be updated after next changed of the due_date of current issue. I have tried move the reschedule_following_issues to after_save, seemed can work.
