Redmine - Patch #5441

Initialize TimeEntry attributes with params[:time_entry]

2010-05-04 17:54 - Jérémie Delaitre

Target version:	1.1.0			

Description

I've made a one-liner patch to fill the new TimeEntry attributes created in IssuesController#update_issue_from_param with the params[:time_entry].

This allows to pre-fill the spent time field when accessing the issue editing page.

I want to use this feature for my time tracker plugin. When the user stops his time tracker, I want to redirect him to the issue editing page to let him change what he wants (%done ratio for example) and enter a time log comment. However, I need to be able to fill the spent time field for him with the time tracker value.

+1

I valid this patch, it's useful with this plugin: http://github.com/delaitre/redmine_time_tracker
Moreover, some other plugins could use this feature to pre-populate the timesheet part in the edit form.

Somebody in the Redmine team could integrate this patch in the Redmine trunk ?
Thanks.

#2 - 2010-10-22 13:26 - Jérémie Delaitre

I still need this patch (1 line!). Is there any chance to get it included?

#3 - 2010-10-22 19:09 - Jean-Philippe Lang

Could you update the patch for current trunk and include a functional test ?

#4 - 2010-10-26 19:44 - Jérémie Delaitre

- File time_entry_init.diff added

I've updated the patch according to current github master.
The 'test_get_edit_with_params' functional test has been updated too to check the time_entry params.

#5 - 2010-10-26 19:47 - Jérémie Delaitre

I forgot to ask you to execute the updated test as I'm not confident in my redmine installation...

#6 - 2010-11-04 22:40 - Jérémie Delaitre

- File time_entry_init.diff added

Ok, I finally have a working redmine install for testing purpose. It appears that my previous patch contains a bug in the functional test. I fixed it in this new patch (which should be the last one!).

#7 - 2010-11-17 13:49 - Jérémie Delaitre

Any chance to have this included in 1.0.4 or 1.1.0 ?

#8 - 2010-11-17 19:21 - Jean-Philippe Lang

- Status changed from New to Closed

- Target version set to 1.1.0

Patch commited in [r4411](#).
As it's not a fix, it won't be merged in 1.0-stable but in 1.1.
Thanks.
