Category:	Email receiving		**Estimated time:**	0.00 hour
Target version:	0.9.5			

Description

When the "From:" address in an email is empty redmine fails the correctly insert an issue even when the options to specifically create anonymous issues are set.

I have attached a patch to fix this.

Associated revisions

Revision 3783 - 2010-06-19 21:24 - Eric Davis

Accept email from anonymous users with an empty from address. #5604
