Description

Please yml'ing the following strings so we have it full i18n:

Project->Settings->Wiki->
Project->Settings->Repository->
Project->Settings->Modules->
Admin->Settings->Email Notifications->Actions frame
Admin->Settings->Default administrator account changed
Admin->Settings->File repository writable
Admin->Settings->RMagick available
Admin->Settings->Plugins
Admin->Settings->Plugins->Configure

And maybe Role descriptions.

"Powered by" - optional :)

Thanks.

Associated revisions

Revision 1143 - 2008-02-12 23:43 - Jean-Philippe Lang

Translation for various hard-coded strings (#577).

History

#1 - 2008-01-21 06:25 - Michael Pirogov

#2 - 2008-01-21 06:26 - Michael Pirogov

Project->Files->"D/L"

#3 - 2008-01-25 09:32 - Michael Pirogov

Admin->Settings->Authentication->Manage LDAP authentication...

#4 - 2008-02-12 23:42 - Jean-Philippe Lang

Translation support added in r1143 for the following:

- Project->Settings->Wiki
- Project->Settings->Repository
- Admin->Settings->Email Notifications->Actions frame

More to come...

#5 - 2008-02-16 11:16 - Jean-Philippe Lang

- Status changed from New to Closed

Done in r1151.

Note that role descriptions are stored in the database and thus are not localized.

Everything else that you mentionned is now localized.
