Redmine - Patch #5838

add call to :view_repositories_show_contextual hook in app/views/repositories/revision.rhtml

2010-07-08 12:41 - chantra .

Status:NewStart date:2010-07-08Priority:NormalDue date:Assignee:% Done:0%Category:Hook requestsEstimated time:0.00 hourTarget version:

Description

This hook is called in quite a few places, but in order to get my <u>Git Revision Download</u> working properly, I needed to override <u>source:trunk/app/views/repositories/revision.rhtml</u>

see:

http://redmine.debuntu.org/projects/gitrevision-download/repository/revisions/master/changes/app/views/repositories/revision.rhtml

I would appreciate to have this hook called from <u>source:trunk/app/views/repositories/revision.rhtml</u> as this would prevent overriding customized redmine UI.

It is somehow a follow up on #2073

Tks
