

Redmine - Feature #5946

activity should list files affected by changeset

2010-07-23 10:34 - Holger Winkelmann

Status: New	Start date: 2010-07-23
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Activity view	Estimated time: 0.00 hour
Target version:	
Resolution:	
Description	
<p>While migrating from our tr** instance to redmine we are missing the list of affected files in the activity view.</p> <p>In tr** you can configure how many affected files are listed below a changeset.</p> <p>Even Better would be a direct to the repository browser of this files.</p> <p>Also see attached screenshot.</p>

+1!!!

We really need this! I've even asked about in the forum without any response.
