

Redmine - Feature #6117

subtasks default to parent issue target version

2010-08-12 07:26 - Jeffrey Jones

Status: New	Start date: 2010-08-12
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Roadmap	Estimated time: 0.00 hour
Target version:	
Resolution:	
Description I have been asked if it is possible to have subtasks default to the same target version as the parent when the "new issue" screen is opened or the parent ID is assigned.
