

Redmine - Defect #6126

"project id" node is ignored when creating issues via REST API

2010-08-13 01:44 - Alex Last

Status:	Closed	Start date:	2010-08-13
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Resolution:		Affected version:	

Description

this is the XML body I'm sending from my program to Redmine (last trunk version):

```
<issue><project_id>ace</project_id><parent id="46"/><subject>child 1</subject></issue>
```

POST <http://172.17.10.53:3000/issues.xml> HTTP/1.1

response from server:

HTTP/1.1 201 Created
Response content length: 603
<?xml version="1.0" encoding="UTF-8"?>
<issue>
 <id>51</id>
 <project name="ace" id="7"/>
 <tracker name="Bug" id="1"/>
 <status name="New" id="1"/>
 <priority name="Normal" id="4"/>
 <author name="Redmine Admin" id="1"/>
 <subject>child 1</subject>
 <description></description>
 <start_date>2010-08-12</start_date>
 <due_date></due_date>
 <done_ratio>0</done_ratio>
 <estimated_hours></estimated_hours>
 <spent_hours>0.0</spent_hours>
 <created_on>Thu Aug 12 16:44:44 -0700 2010</created_on>
 <updated_on>Thu Aug 12 16:44:44 -0700 2010</updated_on>
 <relations>
 </relations>
</issue>

my output:

```
created child: issue: id=51 assignee: subject:child 1
```

I have the issue with id "46" in the same "ace" project so I expect the new issue to be created with the parent link, but it's created with no parent.

here's Redmine log:

```
Processing IssuesController#create to xml (for 172.17.10.62 at 2010-08-12 16:44:39) [POST]  
Parameters: {"format"=>"xml", "action"=>"create", "issue"=>{"parent"=>{"id"=>"46"}, "project_id"=>"ace", "subject"=>"child 1"}, "controller"=>"issues"}  
Filter chain halted as [:check_if_login_required] rendered_or_redirected.  
Completed in 13ms (View: 0, DB: 7) | 401 Unauthorized [http://172.17.10.53/issues.xml]  
  
Processing IssuesController#create to xml (for 172.17.10.62 at 2010-08-12 16:44:44) [POST]  
Parameters: {"format"=>"xml", "action"=>"create", "issue"=>{"parent"=>{"id"=>"46"}, "project_id"=>"ace", "subject"=>"child 1"}, "controller"=>"issues"}  
Sending email notification to: admin@example.net
```

History

#1 - 2010-08-13 11:39 - Felix Schäfer

<parent_issue_id>46</parent_issue_id>

#2 - 2010-08-14 06:10 - Alex Last

this works, thanks.

see my comment for task [#6128](http://www.redmine.org/issues/6128#note-2) : <http://www.redmine.org/issues/6128#note-2>

#3 - 2010-08-14 06:14 - Alex Last

btw, just noticed that I made a mistake in "subject" field: should be "parent id" instead of "project_id"

#4 - 2010-08-17 01:21 - Alex Last
