Resolution: Duplicate	

Description

Include in the issue (task) a field "other comments", below of the "description" field.
And, the most important, include in the "Roles" permissions one check to allow the role to see the field value. This "other comments" field with the role permission can be used to include information and instructions in the issue that only the developers can see.

- Status changed from New to Closed
- Resolution set to Duplicate

You can achieve this by adding a text format custom field with the "Full width layout" option enabled ([#21705](#)).
