<b>Resolution:</b>	Duplicate		
<b>Description</b>			
<p>Hi</p> <p>This is a minor issue..</p> <p>I've added a Report-Id custom field to time entries.</p> <p>Reports are created based on time entries, and when a report is done, all the time entries in that report are tagged with the ID of the report.</p> <p>I'd like to be able to take a bunch of time entries from the list (either at <a href="http://redmine/projects/PROJECT/time_entries">http://redmine/projects/PROJECT/time_entries</a> or <a href="http://redmine/projects/PROJECT/time_entries/report">http://redmine/projects/PROJECT/time_entries/report</a>), tick entries off with a checkbox next to each item, click 'Edit...', and be shown the 'edit time entry' page.</p> <p>Fields which have different values in the selected time entries should be grayed out and without text, but fields with the exact same value (a blank Report-Id fx.) would be editable.</p> <p>Clicking 'Save' from <a href="http://redmine/time_entries/MULTIPLE_IDS/edit">http://redmine/time_entries/MULTIPLE_IDS/edit</a> would then cause the new values (in non-grayed fields) to be saved to all the selected time entries. (Eg. in each id in MULTIPLE_IDS in above url).</p>

### History

#### #1 - 2010-10-12 22:17 - Terence Mill

checkout [mod of stufftodo plugin](#)

#### #2 - 2010-10-13 11:37 - Albert Rosenfield

| *checkout mod of stufftodo plugin*

Neat!

Doesn't really solve the problem though - I need to mass **edit** time entries, not mass **create** them.

#### #3 - 2011-09-17 13:00 - Etienne Massip

- Category set to Time tracking

**#4 - 2011-11-27 23:21 - Mischa The Evil**

Isn't this implemented as part of #7996 (feature introduced in Redmine version#27)?

**#5 - 2013-04-03 16:13 - Filou Centrinov**

Duplicate: #7810

Please, close this issue. Is think it's solved by #7996. No feedback over one year.
