

Redmine - Defect #6849

Error attaching an image to a wiki page

2010-11-08 11:08 - Arukereso Reporter

Status:	Closed	Start date:	2010-11-08
Priority:	Normal	Due date:	2013-01-22
Assignee:		% Done:	0%
Category:	Wiki	Estimated time:	0.00 hour
Target version:		Affected version:	1.0.3
Resolution:	No feedback		

Description

I've tried renaming the image and the wiki page before uploading, with no success. I can't upload any other image on that wiki page either.

The url of the wiki page (I feel it's a false routing match):
https://my.domain.com/projects/frontend/wiki/Specification_Category_page_Buying_guides

ActionController::RoutingError (No route matches "/projects/frontend/wiki/category-page-buying-guides.png" with {:method=>:get}):

History

- #1 - 2013-01-15 11:55 - Daniel Felix
- Due date set to 2013-01-22
 - Status changed from New to Needs feedback
- Any news on this? Is this still reproduceable?
- I'm going to close this issue, due to his old redmine version and his age, unless there's some feedback on this till next week.
- #2 - 2013-02-04 16:04 - Daniel Felix
- Status changed from Needs feedback to Closed
 - Priority changed from High to Normal
 - Resolution set to No feedback

Closing this, as there is no feedback on this issue and the affected version is really old.
