

Redmine - Feature #6856

Shibboleth authentication and SSO support

2010-11-09 09:59 - Snaky Love

Status: New	Start date: 2010-11-09
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Accounts / authentication	Estimated time: 0.00 hour
Target version:	
Resolution:	
Description	
Redmine should be easier to integrate into existing infrastructure - one of the better ways to do this would be support for the Shibboleth System
