

Redmine - Feature #6877

Add prop (property) changes to revision diffs

2010-11-12 13:08 - Be Fio

Status: Closed	Start date: 2010-11-12
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: SCM	Estimated time: 0.00 hour
Target version:	
Resolution: Duplicate	
Description	
<p>When you diff revisions, it's probably a good idea to also show SVN prop changes/additions/deletions, as there's no way to know what prop changes happened without downloading the unified diff. I don't know how other systems such as Mercurial, Git, etc work, but if they use something like props to, then this would probably also apply to them.</p> <p>If this feature is included, please cancel my request at #6876, as this would conflict with it.</p>
