<b>Description</b>			
<p>On the creation of an issue I am not seeing the project or sub project information as part of the email notification. Maybe I have not configured something correctly and RTFM is the right answer.</p> <p>If not I think it would be helpful to have it as part of the issue creation email.</p> <p>e.g. for a new issue opened in project A, subproject b</p> <ul style="list-style-type: none"><li>• Author:</li><li>• Project: A -&gt; b</li><li>• Status:</li></ul> <p>I am using 1.0.1.</p>
