Redmine - Defect #7096

CSV Issues Export + Ruby 1.9 + Thin + non-ascii characters causes "invalid byte sequence in US-ASCII"

2010-12-11 01:55 - Kioma Aldecoa

Status:	Closed	Start date:	2010-12-1	1
Priority:	Normal	Due date:		
Assignee:		% Done:	0%	
Category:	Ruby support	Estimated time:	0.00 hour	
Target version:				
Resolution:		Affected version:		
Description				
•	an issue list to CSV, if the issue list has a	a non-us ascii character, a 500	is produced wi	th this in the logs:
<pre><internal:; thin (1.2.) thin (1.2.) thin (1.2.) thin (1.2.) thin (1.2.) eventmachin eventmachin thin (1.2.) thin (1.2.)</internal:; </pre>	r (invalid byte sequence in US prelude>:8:in `synchronize' 7) lib/thin/connection.rb:76:i 7) lib/thin/connection.rb:74:i 7) lib/thin/connection.rb:74:i 7) lib/thin/connection.rb:57:i 7) lib/thin/connection.rb:42:i ne (0.12.10) lib/eventmachine. 6 (0.12.10) lib/eventmachine. 7) lib/thin/backends/base.rb:5 7) lib/thin/server.rb:156:in ` 7) lib/thin/controllers/contro	n `block in pre_process n `catch' n `pre_process' n `process' n `receive_data' rb:256:in `run_machine' rb:256:in `run' 7:in `start' start'

History

#1 - 2010-12-11 09:54 - Jean-Philippe Lang

- Category set to Ruby support

FYI, ruby 1.9 is not supported. See RedmineInstall.

#2 - 2010-12-14 00:51 - Kioma Aldecoa

I know, but we have it working pretty well in 1.9 with a few patches like this. Just thought I would post them here for when it does become supported.

#3 - 2010-12-15 23:22 - Jean-Baptiste Barth

- Target version set to Unplanned backlogs

- Affected version (unused) set to devel

Yes, but for now, ruby 1.8.6 and 1.8.7 are still the main ruby versions supported (often the default choice in stable distributions). If we do this directly, most people would see undefined method `force_encoding' for "...":String, not good. There's something going on in <u>#4050</u> but it's not a priority for 1.1.0.

#4 - 2010-12-16 06:10 - Mischa The Evil

"Corrected" the issue description.

#5 - 2011-06-05 09:29 - Toshi MARUYAMA

- Assignee set to Toshi MARUYAMA
- Target version changed from Unplanned backlogs to 1.3.0

#6 - 2011-11-13 13:53 - Toshi MARUYAMA

- Target version changed from 1.3.0 to Unplanned backlogs

#7 - 2015-04-18 05:45 - Toshi MARUYAMA

- Status changed from New to Closed

- Assignee deleted (Toshi MARUYAMA)

This issue is too old. Redmine 1.4 and Redmine 2.x support Ruby >= 1.9.

#8 - 2015-05-17 08:18 - Toshi MARUYAMA

- Target version deleted (Unplanned backlogs)
