Redmine - Feature #7118

Possibility to allow users to copy a project

2010-12-16 13:44 - Rene Lanteigne

Status:	Closed		**Start date:**	2010-12-16
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Projects		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Duplicate			

Description
Presently the only responsability that can copy a project is the administrator, which seems illogical. This right should be morely be given to a project manager. However since Redmine is very flexible concerning the rights that can be provided to any custom responsability, I suppose that the right to copy a project should be manage the same way that the right to create a new one. #7100 is not related. Instead, this issue duplicates #4687. I'll fix the relations and close this issue as such.
