

Redmine - Patch #7190

Timelog: Show date range filter in one line and move tabs to a dedicated partial

2010-12-29 00:46 - Daniel Neis Araujo

Status:	New	Start date:	2010-12-29
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:			

Description

This patch changes the date range filter of time log in one visible way, that is to show filters options in one line instead of three; and in one "invisible" way, that is to move "Details" and "Report" tabs from "date_range" partial to a dedicated "tabs" partial.

Hope you like.

History

#1 - 2011-11-24 19:54 - Mischa The Evil

- Subject changed from *Show date range filter in one line and move tabs to a dedicated partial* to *Timelog: Show date range filter in one line and move tabs to a dedicated partial*
