Redmine - Feature #7314

Add "hide closed versions" option to Gantt charts.

Description

I have created this patch for the gantt charts to hide the closed versions on the gantt.

This is a hard-coded fix. I'd like to know more about Ruby so we could add an entry on the main administration settings panel (or project settings panel) to provide a checkbox that says [ ] Hide closed versions on gantt.

Anyway - here is the patch file I created, which is not the preferred implementation as it changes the base behavior without the user knowing.

This is definitively a feature we would use!

+1
Very annoying with all the closed versions showing up in Gantt chart.
This checkbox should maybe be checked as default?

#4 - 2011-01-23 09:44 - Simo Pylvas

+1
Indeed. This is needed fix. This make Gantt charts close to useless for me

#5 - 2011-01-25 11:27 - Etienne Massip

- Status changed from New to Closed

- Resolution set to Duplicate
