

Redmine - Defect #7639

Some date fields do not have requested format.

2011-02-17 05:12 - Tony Maher

Status:	Closed	Start date:	2011-02-17
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:	1.2.0	Affected version:	1.1.0
Resolution:	Fixed		
Description			
As project administrator - set the date format to 17/02/2011 i.e. 17 February 2011.			
- In Issues tabs (as normal user) the "Updated" field shows dates with format 02/17/2011.			
- As admin user checking the Users - the creation date also shows dates as 04/28/2010			
In Issues tab if displaying the start date and due date then they are in the correct format.

- Status changed from New to Closed
- Resolution set to Fixed

Fixed in r4894.

#2 - 2011-02-20 23:25 - Tony Maher

Thanks for the quick resolution.

#3 - 2011-04-04 19:29 - Etienne Massip

- Target version set to 1.2.0

#4 - 2011-04-28 09:50 - Max Khon

The fix also fixes more serious problem: `format_date(time)` was called before this patch instead of `format_date(local)`. This leads to incorrect displaying of dates (e.g. when timezone is specified or time is in UTC).

E.g. if the timestamp is 14 Apr 03:40am GMT+7 and user timezone is set to UTC, 14 Apr 20:40pm instead of 13 Apr 20:40pm is displayed.

Should there be a backport to 1.1 branch?
