

Redmine - Patch #7770

use unless in control structures where it improves readability

2011-03-04 01:43 - Anonymous

Status:	New	Start date:	2011-03-04
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Code cleanup/refactoring	Estimated time:	0.00 hour
Target version:			
Description			
Use <b>unless</b> or <b>until</b> in control structures instead of <b>if !</b> or <b>while !</b> where it improves readability.			

History

#1 - 2011-03-04 07:22 - Jean-Baptiste Barth

I think if blah.present? is easier to read than unless blah.blank? or if !blah.blank?, so we might switch to this in some cases you point out.

#2 - 2011-03-04 14:31 - Anonymous

yes that does makes more sense indeed. I looked it up [here](#) , **present?** is internally defined as **!blank?**
