

Redmine - Feature #7848

Add class for project title in the header

2011-03-13 09:30 - Ivan Cenov

Status: Closed	Start date: 2011-03-13
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: UI	Estimated time: 0.00 hour
Target version:	
Resolution: Fixed	
Description	
<p>This issue follows the thread message#22459 .</p> <p>Now the project title is in 'h1' and as consequence it is too big (look at "Deep in hierarchy" in the picture uploaded in the above forum thread).</p> <p>It would be nice this to have its class in css so as one to be able to tune it as he/she finds it appropriate.</p> <p>The method generating the projects titles is source:/trunk/app/helpers/application_helper.rb#L396 and the line that adds the title of the selected project is source:/trunk/app/helpers/application_helper.rb#L411 (I suppose so.).</p>

History

#1 - 2011-04-08 08:55 - Etienne Massip

- Target version set to Candidate for next major release

#2 - 2011-04-08 08:56 - Etienne Massip

There are some shots in #8097.

#3 - 2013-02-02 13:24 - Ivan Cenov

- Status changed from New to Resolved

I edited my theme and also made project names shorter so this is not issue for me. If no one else is interested, please close this issue.

#4 - 2018-01-10 13:36 - Go MAEDA

- Status changed from Resolved to Closed

- Target version deleted (Candidate for next major release)

- Resolution set to Fixed

Project name in the header has "current-project" class since r15256 (Redmine 3.3.0).
