

Redmine - Feature #8045

Support git notes for logging time

2011-04-01 18:30 - Jeremy Cowgar

Status: New	Start date: 2011-04-01
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: SCM	Estimated time: 0.00 hour
Target version:	
Resolution:	
Description	
<p>An example:</p> <pre>\$ git commit -m "Blah blah blah" \$ git notes add -m "References #837 @45m" HEAD \$ git log --show-notes commit 917ba2c44b7bfd79b5957bcd2932528ea9c0131b Author: Jeremy Cowgar <***> Date: Fri Apr 1 11:32:28 2011 -0400 Blah blah blah Notes: References #837 @45m</pre> <p>This method enables a clear separation of the comment message (what work you did) vs. meta data such as affected issues and work time.</p>
