Resolution:	Fixed		**Affected version:**	

Description
Currently on a roadmap page, e.g http://www.redmine.org/projects/redmine/versions/27 when you chose Issues by Category there is no items for 'None' category (tasks that are not belong to any category).   And I think 'None' category should be the first in the list and/or be e.g. italic to differentiate it from the real categories.

The similar problems can be found here http://www.redmine.org/projects/redmine/issues/report
Sections Assignee, Version, Category do not have items 'None' in their lists.

And on http://www.redmine.org/projects/redmine/versions/27 Issues by:Assignee omits "None" too.

#3 - 2011-04-22 21:21 - Mischa The Evil

This has been reported and patched already almost three years ago as part of patch #1671:

> [...]

> - Issue metrics previously didn't show data for issues having chosen attribute not assigned. This is fixed here, see that [Not Assigned] group in screenshot;

> [...]

It didn't made it into the core yet, but it would certainly be a useful extension of the current queries-UI that is available on both the here-above mentioned views (*/projects/redmine/versions/version_ID* and */projects/redmine/issues/report*).

#4 - 2012-10-30 15:25 - Jean-Philippe Lang

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Target version changed from Candidate for next major release to 2.2.0

- Resolution set to Fixed

Fixed in r10771.

#5 - 2012-10-30 15:46 - Dmitry Babenko

- Status changed from Closed to Reopened

File trunk/app/views/versions/_issue_counts.html.erb has mixed tabs and spaces indentation in newly added code.

Thanks for the fix.

#6 - 2012-10-30 16:21 - Jean-Philippe Lang

- Status changed from Reopened to Closed

Fixed, thanks.
