<b>Description</b>			
Today I realized that tasks with 1-day length are not being paint with green when they are completed (100% done).			
I created a sample on demo installation, at <a href="http://demo.redmine.org/projects/test-bug-6579/issues/gantt">http://demo.redmine.org/projects/test-bug-6579/issues/gantt</a>			
If you change the duration of the 1-day task to more than 1 day, task becomes green.			
If you reduce the duration of the 2-dat task to just 1 day, task is not painted with green anymore.
