<b>Target version:</b>			
<b>Resolution:</b>			
<b>Description</b>			
<p>I'm sure this one is easy [[<a href="http://www.diamondlinks.net">http://www.diamondlinks.net</a> link building service]]. Mercurial tags are just a file (.hgtags) with a mapping: name -&gt; md5sum/revision.</p> <p>I would propose a patch but i dont know ruby nor rails.</p>
