<b>Description</b> After the last update from 1.1 to 1.2 we got following bug. This can also be reproduced on demo.redmine.org.			
<b>Steps to reproduce</b>  1. Go to any project's Overview page. Then go to Report. 2. By default you see "all time" selected ( <a href="http://screencast.com/t/UZ4tIC6l1">http://screencast.com/t/UZ4tIC6l1</a> ). 3. Click on calendar icon and select range from a day one week before (in this sample I selected 2011-06-02) to previous day (here I selected 2011-06-08). 4. Click "Apply".			
<b>Expected result</b> Date range stays the same (from 2011-06-02 to 2011-06-08) and you can follow with adding "details".			
<b>Actual result</b> Date range is reset to default one (from 2011-06-09 to 2011-06-09) <a href="http://screencast.com/t/9AxjulkIQQuo">http://screencast.com/t/9AxjulkIQQuo</a> So, you have to select necessary range again :( (from 2011-06-02 to 2011-06-08)...
